| COVID-19 RECOVERY PREREQUISITES | <p>4 key benchmarks to achieve before restrictions can be lifted:</p> <ol style="list-style-type: none"> 1. Capacity in the Healthcare System – in hospitals and for routine health care, we need staffing, ventilators, testing and medical supplies. 2. Protections for those at risk – the elderly, those with underlying health conditions, live in institutional settings, are homeless, or don't have access to services. 3. Increased capability to test, isolate and, quarantine – for anyone who has symptoms and ensure they receive timely results. 4. Maintain physical distancing and infection control - education, supplies, and guidance for businesses and public places. |
